

Muhammad Hasnat
Frontend Web Developer

Bahawalpur, Pakistan • +92-305-1243386 • abualhasnat177@gmail.com • [Portfolio](#) • [GitHub](#) • [LinkedIn](#)

PROFESSIONAL SUMMARY

Frontend developer with hands-on experience building and deploying responsive web applications using React, JavaScript, and Tailwind CSS. Completed 10+ client projects on Fiverr and Upwork, consistently delivering on time. Reduced page load time by 30% on a production site through asset optimization. Eager to grow into a full-stack role and actively developing TypeScript and Next.js skills.

WORK EXPERIENCE

Frontend Developer Freelance (Fiverr & Upwork)

Jan 2023 – Present

- Delivered 10+ responsive web applications for clients across Pakistan, UAE, and the UK
- Built projects using React.js, JavaScript, HTML5, CSS3, and Tailwind CSS
- Maintained consistent 5-star ratings with on-time delivery across all contracts
- Managed end-to-end client communication, requirements gathering, and deployment

PROJECTS

Coffee Shop Website <https://elitecoffee.vercel.app/>

- Built a fully responsive site using HTML, CSS, and vanilla JavaScript
- Improved page load speed by 30% through image compression and asset optimization
- Integrated CI/CD deployment pipeline via Netlify for automatic updates

Bizgen – Business Website <https://bizgen-sigma.vercel.app/>

- Developed a multi-page professional business site with services, about, and contact sections
- Ensured cross-browser compatibility across Chrome, Firefox, Safari, and Edge
- Implemented clean, accessible layouts with well-organized content structure

Cinematic Landing Page <https://cinematic-velorah.lovable.app>

- Designed and developed a visually engaging product landing page with smooth animations
- Built fully responsive layout optimized for mobile, tablet, and desktop viewports
- Applied modern UI/UX principles including visual hierarchy and contrast ratios

Cureva – Healthcare UI Design <https://cureva.framer.website/>

- Designed a clean, patient-friendly healthcare website prototype in Framer
- Focused on accessible color schemes, readable typography, and intuitive navigation
